About this PDS This Product Disclosure Statement ("PDS") has been prepared and issued by Equity Trustees Limited ("Equity Trustees", "we" or "Responsible Entity") and is a summary of the significant information relating to an investment in the Spectrum Strategic Income Fund (the "Fund"). It contains a number of references to important information (including a glossary of terms) contained in the Spectrum Reference Guide ("Reference Guide"), which forms part of this PDS. You should consider both the information in this PDS, and the information in the Reference Guide, before making a decision about investing in the Fund. The information provided in this PDS is general information only and does not take account of your personal objectives, financial situation or needs. You should obtain financial advice tailored to your personal circumstances and consider whether the information in this PDS is appropriate for you in light of those circumstances.

The offer to which this PDS relates is only available to investors receiving this PDS in Australia.

This PDS does not constitute a direct or indirect offer of securities in the US or to any US Person as defined in Regulation S under the US Securities Act of 1933 as amended ("US Securities Act"). Equity Trustees may vary this position and offers may be accepted on merit at Equity Trustees' discretion. The units in the Fund have not been, and will not be, registered under the US Securities Act and may not be offered or sold in the US to, or for, the account of any US Person except in a transaction that is exempt from the registration requirements of the US Securities Act and applicable US state securities laws.

The Reference Guide Throughout the PDS, there are references to additional information contained in the Reference Guide. You can obtain a copy by visiting www.eqt.com.au/insto or by emailing the Investment Manager at info@spectruminvest.com.au or visiting www.spectruminvest.com.au. The information contained in the Reference Guide may change between the day you receive this PDS and the day when you acquire the product. You must therefore ensure that you have read the Reference Guide current at the date of your application.

1. About Equity Trustees Limited

The Responsible Entity **Equity Trustees Limited**
Equity Trustees was established in 1888, by an Act of the Victorian Parliament, to provide trustee and executor services.
Equity Trustees has evolved into a sophisticated financial services provider offering a broad range of products and services to a diverse client base. In addition to traditional trustee and estate management duties, Equity Trustees' range of services includes portfolio management, corporate and employer superannuation, philanthropy, aged care services and responsible entity services for external fund

managers. Equity Trustees' responsibilities and obligations as the Responsible Entity of the Fund are governed by the Fund's constitution ("Constitution") as well as the Corporations Act 2001 (Cth) ("Corporations Act") and general trust law. As Responsible Entity, Equity Trustees is solely responsible for the management of the Fund. Equity Trustees has delegated the investment management functions to Spectrum Asset Management Limited ("Spectrum") Equity Trustees which will make investment decisions in relation to the Fund.

The Investment Manager

Spectrum Asset Management Limited

Spectrum is a Sydney based licensed investment manager that was established in 2001 for the sole purpose of managing investments in credit securities, by way of specialised investment funds or specific mandates for wholesale investors. Spectrum is an active manager of credit who seeks to understand the underlying credit risk and other risks associated with credit securities to make decisions for the medium term. Spectrum's investment team operates as an investment partnership with each member of the group bringing a specific area of expertise.

2. How the Spectrum Strategic Income Fund works

The Fund is a registered managed investment scheme. The Fund is governed by the Constitution. The Fund comprises assets which are acquired in accordance with the Fund's investment strategy. Investors receive units in the Fund when they invest. In general, each unit represents an equal interest in the assets of the Fund subject to liabilities; however it does not give investors an interest in any particular asset of the Fund.

Applying for units

You acquire units in the Fund by completing the Application Form that accompanies this PDS. The minimum investment amount for the Fund is \$5,000.

FundBPO

Client Services Registry Team
GPO Box 4968
Sydney, NSW, 2001

or by making an application through the mFund Settlement Service ("mFund") by placing a buy order for units with your licensed broker.

Making additional investments

You can make additional investments into the Fund at any time by sending your additional investment amount together with a completed Application Form to

FundBPO

Client Services Registry Team
GPO Box 4968
Sydney, NSW, 2001

Or by making application for units through mFund.

The minimum additional investment into the Fund is \$1,000

Distributions

An investor's share of any distributable income is calculated in accordance with the Constitution and is generally based on the number of units held by the investor at the end of the distribution period.

The Fund usually distributes income quarterly at the end of March, June, September and December. Distributions are calculated on the last day of each period and are normally paid to investors within 14 days of the period end; although the distribution at the end of the financial year may take longer. Equity Trustees may change the distribution frequency without notice.

Investors in the Fund can indicate a preference to have:

- their distribution reinvested back into the Fund; or
- their distribution directly credited to their nominated Australian domiciled bank account.

Australian investors who do not indicate a preference will have their distributions automatically reinvested. Applications for reinvestment will be taken to be received prior to the next valuation time after the relevant distribution period. There is no Buy Spread on distributions that are reinvested.

In some circumstances, where an investor makes a large withdrawal request their withdrawal proceeds may be taken to include a component of distributable income.

Access to your money

Investors in the Fund can withdraw their investment by completing a written request to withdraw from the Fund and mailing it to:

FundBPO
Client Services Registry Team
GPO Box 4968
Sydney, NSW, 2001
Fax: +61 2 9251 3525

or making an withdrawal request through mFund by placing a sell order for units with your licensed broker.

The minimum withdrawal amount is \$1,000. Once we receive a withdrawal request, we may act on your instruction without further enquiry if the instruction bears your account number or investor details your (apparent) signature(s), or your authorised signatory's (apparent) signature(s); or if the withdrawal request is received via mFund.

Equity Trustees will generally allow investors in the Fund to access their investment within seven Business Days of receipt of a withdrawal request by transferring the withdrawal proceeds to such investors' nominated bank account or, where the request is received via mFund, to the investor's licensed broker. However, the Constitution allows Equity Trustees to reject withdrawal requests and also to make payment

up to 30 days after acceptance of a request (which may be extended in certain circumstances). The price at which units are withdrawn is determined in accordance with the Constitution ("Withdrawal Price"). The Withdrawal Price on a Business Day is, in general terms, equal to the NAV of the Fund, divided by the number of units in issue and adjusted for transaction costs ("Sell Spread"). At the date of this PDS, the Sell Spread is 0.15%. The Withdrawal Price will vary as the market value of assets in the Fund rises or falls.

Equity Trustees reserves the right to fully redeem your investment if your investment balance in the Fund falls below \$4,000 as a result of processing your withdrawal request. Equity Trustees can deny a withdrawal request in certain circumstances, including where accepting the request is not in the best interests of investors in the Fund or where the Fund is not liquid (as defined in the Corporations Act). When the Fund is not liquid, an investor can only withdraw when Equity Trustees makes a withdrawal offer to investors in accordance with the Corporations Act. Equity Trustees is not obliged to make such an offer. If you are an Indirect Investor, you need to provide your withdrawal request directly to your IDPS Operator. The time to process a withdrawal request will depend on the particular IDPS Operator.

*Unit pricing
discretions
policy*

Equity Trustees has developed a formal written policy in relation to the guidelines and relevant factors taken into account when exercising any discretion in calculating unit prices (including determining the value of the assets and liabilities). A copy of the policy and, where applicable and to the extent required, any other relevant documents in relation to the policy will be made available to investors free of charge on request from Equity Trustees.

*Additional
information*

The Fund is a disclosing entity as defined by the Corporations Act, and is subject to regular reporting and disclosure obligations. Investors will have a right to obtain a copy, free of charge, of any of the following documents:

- the most recent annual financial report ("Annual Report");
- any subsequent half yearly financial report lodged with ASIC after the lodgement of the Annual Report; and
- any continuous disclosure notices lodged with ASIC after that financial report but before the date of this PDS.

These documents can also be obtained from or inspected at an ASIC office.

*Further
reading...*

You should read the important information in the Reference Guide under "Investing in the Fund", "Managing your Investment" and "Withdrawing your investment" about:

- how to invest and where to send your completed Application Form and identification documents;
- application cut-off times on a Business Day;
- cooling-off rights;
- authorised signatories;
- reports;
- unit pricing and valuations;
- withdrawal cut-off times on a Business Day;
- payment of withdrawals;
- withdrawal terms; and
- withdrawal restrictions,

before making an investment decision. The Reference Guide is available at www.eqt.com.au/insto. The material relating to these matters may change between the time when you read this PDS and the day when you acquire the product.

3. Benefits of investing in the Spectrum Strategic Income Fund

The Fund is an actively managed portfolio of debt and hybrid debt securities.

The significant benefits and features of investing in the Fund include:

- access to the expertise of an active manager of credit who utilises an investment process that combines fundamental research with disciplined portfolio construction and risk controls;
- access to a diversified portfolio of debt and hybrid debt securities;
- access to investments which may be only be offered to institutional investors;
- strong focus on income generation, with some opportunity of capital gain; and
- regular reporting to keep you up to date on your investments.

4. Risks of managed investment schemes

All investments carry risks. Different investment strategies may carry different levels of risk, depending on the assets acquired under the strategy. Assets with the highest long-term returns may also carry the highest level of short-term risk. The table below highlights the significant risks you should consider when deciding whether to invest in the Fund. You may want to consider these risks in light of your risk profile. Your risk profile will vary depending on a range of factors, including your age, the investment time frame (how long you wish to invest for), your other investments or assets and your risk tolerance.

You may lose money by investing in the Fund and your investment in the Fund may not meet your objectives. The level of returns will vary and future returns may differ from past returns. Laws affecting managed investment schemes may also change in the future.

In addition, we do not offer advice that takes into account your personal financial situation, including advice about whether the Fund is suitable for your circumstances. If you require personal financial advice, you should contact a licensed financial adviser.

Significant risks	The significant risks of the Fund include:
<i>Credit risk</i>	The risk that an issuer of a security in which the Fund invests will be unable to meet its obligations under the terms of the relevant security is usually referred to as credit risk. These obligations may include scheduled interest payments and or repayment of principal. Spectrum aims to manage these risks with careful analysis of research from many sources and making qualitative and quantitative credit assessments of issuers of the security using available research.
<i>Extension risk</i>	The risk that issuers may elect to extend the repayment of certain securities and pay a higher interest rate to the Fund. While the issuer will pay a higher rate of interest to the Fund, the delayed repayment of capital of a security may cause a delay in the reinvestment of capital. Hybrid securities Hybrid securities have the characteristics of both fixed interest (debt) and equity investments. They have an exposure to interest rate risk as well as market risk in relation to equity markets. Some hybrid securities are able to be converted from convertible bonds into shares. There is the added risk they may not be readily exchanged for cash or an equivalent asset value.
<i>Inflation risk</i>	Inflation risk is the risk that returns will not be sufficiently higher than inflation to enable an investor to meet their financial goals.
<i>Interest rate risk</i>	Changes in official interest rates can directly and indirectly impact on investment returns. Please refer to the Reference Guide for further details on interest rate risk.
<i>Issuer risk</i>	The value of investments can vary because of changes to management, product distribution or the issuer's business environment.
<i>Key personnel risk</i>	Spectrum is currently dependent upon the expertise of their existing management team – the performance of the Fund could be adversely affected if key members of the investment team do not continue to provide their services.
<i>Liquidity risk</i>	There may be times when securities may not be readily sold (for example, in a falling market where some traded securities may become less liquid) and investors may not be able to withdraw their investments in the Fund. Please refer to the Reference Guide for further details on liquidity risk.
<i>Management risk</i>	The Fund is subject to management risk because it is an actively managed investment portfolio. Investment techniques and risk analyses will be used in making investment decisions for the Fund, but there can be no guarantee that these will produce the desired results.
<i>Market risk</i>	Changes in legal and economic policy, political events technology failure, economic cycles, investor sentiment and social climate can all directly or indirectly create an environment that may influence (negatively or positively) the value of your investment in the Fund. Please refer to the Reference Guide for further details on market risk.
<i>Reinvestment risk</i>	This is the risk that arises if the Fund receives significant amounts of cash from securities that mature or are redeemed and there is a lack of suitable securities for the Fund to invest in, within the terms of the investment model.
<i>Sector specific risk</i>	Companies in certain industries face unprecedented change and competitive pressures. Accordingly, the securities of these companies may be subject to high price volatility. These companies face competition from technologies and processes (being developed or to be developed in the future) which may make their products or services obsolete.
<i>Security selection risk</i>	While Spectrum expects to add value from its stock selection efforts, this may not be the case especially over the short-term. Investors might therefore consider an investment in the Fund as just one element of a well diversified portfolio. Spectrum may make poor investment decisions resulting in sub-standard returns (for example, where Spectrum gains exposure to a security on behalf of the Fund that significantly underperforms relative to other securities). This may be brought about by a change of employees at Spectrum or a change of investment manager. Security selection risk is mitigated to some extent by the knowledge and experience of Spectrum. Credit rating downgrades result when ratings agencies lower their rating on a security – for example a ratings change from A to BBB. Downgrades are usually accompanied by price declines as the market requires higher credit margins.
<i>Sovereign risk</i>	This is the risk that may result from changed circumstances of a particular country. The risks may be perceived or actual, relating to ratings changes, perceptions of default, or currency movements and may impact the liquidity and trading spreads of securities.
<i>Structural risk</i>	This is the risk that structured securities may not perform as expected. This may be due to changes in credit ratings, non performance of underlying asset pool(s) or counterparty default and may result in non payment of interest, or delay / non payment of capital.

5. How we invest your money

Before choosing to invest in the Fund you should consider the likely investment returns, the risks of investing and your investment time frame.

<i>Investment objective</i>	To generate returns in excess of the benchmark by investing in a diversified portfolio of debt and hybrid debt securities.
<i>Benchmark</i>	Cash Rate determined by Reserve Bank of Australia
<i>Minimum suggested timeframe</i>	The minimum suggested investment time frame for the Fund is 3 – 5 years.
<i>Risk level of the Fund</i>	Medium
<i>Investor suitability</i>	The Fund is suited for investors who: <ul style="list-style-type: none"> • have a low tolerance for volatility of returns;

	<ul style="list-style-type: none"> • would like to invest in debt and hybrid debt securities; and • are more focused on income generation than capital gain. 																				
<i>Investment style and approach</i>	<p>Spectrum will seek to provide enhanced returns by selecting securities that are considered to offer superior returns together with the potential for capital appreciation. Spectrum has developed an investment process that has been specifically tailored for Australian market conditions. The key elements of the investment process are:</p> <ul style="list-style-type: none"> • taking a global macroeconomic and political view of the likely future level of interest rates; • using quantitative techniques and credit research to identify stocks that the Investment Manager expects to offer a yield premium in excess of the market for a particular creditworthiness; • taking a medium term investment horizon view, whilst seeking to maintain appropriate liquidity requirements associated with a managed fund; • adhering to a portfolio based investment process that features a disciplined approach to diversification and a comprehensive limit system; and • engaging in active management of credit. <p>Spectrum utilise an investment process that combines fundamental research with disciplined portfolio construction and risk controls. Various analysis techniques are applied to make decisions about the selection of individual investments as well as changing the mix of securities held in the portfolio on an ongoing basis. Spectrum supplements its own research with external research from local and international sources.</p> <p>Fund investments will be comprised of assets drawn from the following security types:</p> <ul style="list-style-type: none"> • listed and unlisted corporate debt, financial, government and government-related debt securities; • listed hybrid debt securities and convertible notes issued by corporate issuers and financial issuers; • investment grade collateralised mortgage and debt obligations, residential and commercial mortgage backed and other asset backed securities; • international government agency securities issued in Australian dollars; and • term deposits and bank certificates of deposit and bankers' acceptances 																				
<i>Asset Allocation</i>	<p>The Fund will predominantly adhere to the following investment restrictions. If the portfolio falls outside of these limits due to changes in ratings or values, Spectrum will seek to rebalance the portfolio where appropriate.</p> <table border="0" style="width: 100%;"> <thead> <tr> <th></th> <th style="text-align: right;">Percentage of the Fund</th> </tr> </thead> <tbody> <tr> <td colspan="2">Ratings</td> </tr> <tr> <td>Investment grade securities</td> <td style="text-align: right;">0 – 100%</td> </tr> <tr> <td>Sub investment grade and unrated securities</td> <td style="text-align: right;">0 – 25%</td> </tr> <tr> <td colspan="2">Sectors</td> </tr> <tr> <td>Australian trading bank</td> <td style="text-align: right;">0 – 50%</td> </tr> <tr> <td>Non-Australian trading bank</td> <td style="text-align: right;">0 – 15%</td> </tr> <tr> <td>Sectors other than banks</td> <td style="text-align: right;">No more than 30% per sector</td> </tr> <tr> <td colspan="2">Other limits</td> </tr> <tr> <td>Floating rate securities</td> <td style="text-align: right;">50 – 100%</td> </tr> </tbody> </table>		Percentage of the Fund	Ratings		Investment grade securities	0 – 100%	Sub investment grade and unrated securities	0 – 25%	Sectors		Australian trading bank	0 – 50%	Non-Australian trading bank	0 – 15%	Sectors other than banks	No more than 30% per sector	Other limits		Floating rate securities	50 – 100%

6. Fees and costs

DID YOU KNOW?

Small differences in both investment performance and fees and costs can have a substantial impact on your long term returns.

For example, total annual fees and costs of 2% of your account balance rather than 1% could reduce your final return by up to 20% over a 30 year period (for example, reduce it from \$100 000 to \$80 000).

You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs.

You may be able to negotiate to pay lower contribution fees and management costs where applicable. Ask the fund or your financial adviser.

TO FIND OUT MORE

If you would like to find out more, or see the impact of the fees based on your own circumstances, the **Australian Securities and Investments Commission (ASIC)** website (www.moneysmart.gov.au) has a managed investment fee calculator to help you check out different fee options.

The information in the following table can be used to compare costs between this and other managed investment schemes.

Fees and costs may be paid directly from your investment or deducted from investment returns For information on tax please see Section 7 of this PDS.

Type of fee or cost	Amount
Fees when your money moves in or out of the Fund	
Establishment Fee	Nil
Contribution Fee	Nil
Withdrawal Fee	Nil
Exit Fee	Nil
Management Costs¹	
The fees and costs for managing your investment ¹	Fees, costs and expenses: 0.75% p.a. of the value of your units in the Fund ² (inclusive of GST less RITC) Indirect costs 0% p.a. of the value of your units in the Fund

¹ All fees quoted above are inclusive of Goods and Services Tax (GST) and net of any Reduced Input Tax Credits (RITC) at the prescribed rate, which is currently either 55% or 75% (depending on the nature of the fee or expense).

² Management fees can be negotiated. See "Differential fees" below. This amount includes Responsible Entity fees, investment management fees, custodian fees, administration fees and other expenses. However, it does not cover indirect costs. See below for more details as to how Management Costs (including indirect costs) are calculated.

Additional Explanation of Fees and Costs

<i>What do the Management Costs pay for?</i>	<p>The Management Costs include Responsible Entity fees, investment management fees, custodian fees, administration fees and other expenses. Fees payable to the Responsible Entity and Investment Manager are calculated and accrued daily based on the NAV of the Fund. The accrued fees are paid in arrears from the Fund at the end of each month. The Management costs which are paid out of Fund assets reduce the NAV of the Fund and are reflected in the unit price.</p> <p>Management Costs include indirect costs and do not include transaction costs (i.e. costs associated with investing the underlying assets, some of which may be recovered through Buy/Sell Spreads).</p>
--	--

<i>Indirect Costs</i>	<p>Indirect costs do not include transaction costs (i.e. costs associated with investing the underlying assets, some of which may be recovered through Buy/Sell Spreads). The Fund's indirect costs (presently nil) are based on the financial year ending 30 June 2016. Actual indirect costs for future years may differ. If in future there is an increase in changes to indirect costs disclosed in this PDS, updates will be provided on Equity Trustees' website at www.eqt.com.au/insto where they are not otherwise required to be disclosed to investors under law.</p>
-----------------------	--

<i>Transactional and operational costs</i>	<p>In managing the assets of the Fund, the Fund may incur transaction costs such as brokerage, settlement costs, clearing costs and applicable stamp duty when assets are bought and sold. This generally happens when the assets of a fund are changed in connection with day-to-day trading or when there are applications or withdrawals which cause net cash flows into or out of a fund. We estimate that the total transaction costs for the Fund during the year ended 30 June 2016 was 0.20% of the Fund's net asset value, of which 0.15% was recouped via the buy-sell spread when applications and redemptions took place.</p> <p>The Buy/Sell Spread reflects the estimated transaction costs incurred in buying or selling assets of the Fund when investors invest in or withdraw from the Fund. The Buy/Sell Spread is an additional cost to the investor but is incorporated into the unit price and incurred when an investor invests in or withdraws from the Fund and is not separately charged to the investor. The Buy/Sell Spread is paid into the Fund and not paid to Equity Trustees or the Investment Manager. The estimated Buy/Sell Spread is 0.15% upon entry and 0.15% upon exit. The dollar value of these costs based on an application or a withdrawal of \$50,000 is \$76 for each individual transaction. The Buy/Sell Spread can be altered by the Responsible Entity at any time to reflect the actual costs incurred by the Fund. The Responsible Entity may also waive the Buy/Sell Spread in part or in full at its discretion. Generally, there will be no buy spread incurred on distributions which are re-invested.</p> <p>Transactional costs which are incurred other than in connection with applications and redemptions arise through the day-to-day trading of the Fund's assets and are reflected in the Fund's unit price. As these costs are factored into the asset value of the Fund's assets and reflected in the unit price, they are an additional implicit cost to the investor and are not a fee paid to the Responsible Entity. These costs can arise as a result of bid-offer spreads being applied by trading counterparties to securities traded by the Fund.</p> <p>Based on the financial year ending 30 June 2016, these other transactional costs of the Fund (which are not recovered through the Buy/Sell Spread) are \$9,698. The dollar value of these costs over a 1 year period based on an average account balance of \$50,000 is \$375. However, such costs for future years may differ.</p> <p>Equity Trustees</p>
--	---

<i>Can the fees change?</i>	<p>Yes, all fees can change without investor consent, subject to the maximum fee amounts specified in the Constitution. Equity Trustees have the right to recover all proper and reasonable expenses incurred in managing the Fund and as such these expenses may increase or decrease accordingly. We will generally provide investors with at least 30 days' notice of any proposed change to the Management Costs. Expense</p>
-----------------------------	---

recoveries and Buy and Sell Spreads may change without notice, for example, when it is necessary to protect the interests of existing members and if permitted by law. The Constitution defines the maximum fees that can be charged for fees described in this PDS.

Differential fees The Investment Manager may from time to time negotiate a different fee arrangement (by way of a rebate or waiver of fees) with investors who are Wholesale Clients.

mFund Warning: If you are transacting through mFund your stockbroker or accredited intermediary may charge you additional fees (see their Financial Services Guide).

Example of annual fees and costs

This table gives an example of how the fees and costs for this managed investment product can affect your investment over a 1 year period. You should use this table to compare this product with other managed investment products.

Example –Spectrum Strategic Income Fund		BALANCE OF \$50,000 WITH A CONTRIBUTION OF \$5,000 DURING THE YEAR
Contribution Fees	Nil	For every \$5,000 you put in, you will be charged \$0.
Plus Management Costs Comprising:	0.75 % p.a.	And , for every \$50,000 you have in the Fund you will be charged \$375 each year comprising
Fees and costs for managing your investment	0.75% p.a.	\$375
Indirect costs	0% p.a.	\$0
Equals Cost of Fund		If you had an investment of \$50,000 at the beginning of the year and you put in an additional \$5,000 during that year, then you would be charged fees of: \$375* What it costs you will depend on the fees you negotiate.

* This example assumes the \$5,000 contribution occurs at the end of the first year, therefore management costs are calculated using the \$50,000 balance only. The management costs would be \$375 if you had invested the \$5,000 for a full 12 months. Please note that the Fund has a minimum additional investment amount of \$5,000. This example assumes that the \$5,000 contribution is made on the last day of the year and the management costs are calculated using the balance of \$50,000 only.

Additional fees may apply. Please note that this example does not capture all the fees and costs that may apply to you such as the Buy/Sell Spread.

Warning: Additional fees may be paid to a financial advisor if you have consulted a financial adviser. You should refer to the Statement of Advice provided by your financial adviser in which details of the fees are set out. ASIC provides a fee calculator on www.moneysmart.gov.au, which you may use to calculate the effects of fees and costs on your investment in the Fund.

<i>Further reading...</i>	You should read the important information in the Reference Guide under “Additional Information on Fees and costs” about the fees and costs associated with investing in the Fund before making an investment decision. The Reference Guide is available at www.spectruminvest.com.au The material relating to these matters may change between the time when you read this PDS and the day when you acquire the product.

7. How managed investment schemes are taxed

WARNING: Investing in a registered managed investment scheme (such as the Fund) is likely to have tax consequences. You are strongly advised to seek your own professional tax advice about the applicable Australian tax (including income tax, GST and duty) consequences and, if appropriate, foreign tax consequences which may apply to you based on your particular circumstances before investing in the Fund.

The Fund is an Australian resident for tax purposes and does not pay tax on behalf of its members; this is provided all income is distributed. Australian resident investors are assessed for tax on any income and capital gains generated by the Fund and distributed to investors.

8. How to apply

Applications can be made by completing the Application Form accompanying this PDS, and direct credit funds by electronic transfer (details are in the Application Form), and send your Application Form to:

Important Information

Additional information required under the Anti-Money Laundering and Counter-Terrorism Financing Act 2006 and the Foreign Account Tax Compliance Act.

In accordance with the Anti-Money Laundering and Counter-Terrorism Financing Act 2006 (the 'AML/CTF Act') and the Foreign Account Tax Compliance Act (the 'FATCA') the Responsible Entity is required to collect additional information about you. The Responsible Entity may also ask you to provide certified copies of certain identification documents along with the Application Form.

Under the AML/CTF Act and FATCA, the Responsible Entity is prohibited from processing your application until all of the information and supporting documentation requested in this form has been received. In most cases, the information that you provide in this form will satisfy the AML/CTF Act & FATCA. However, in some instances the Responsible Entity may contact you to request further information. It may also be necessary for the Responsible Entity to collect information (including sensitive information) about you from third parties in order to meet its obligations under the AML/CTF Act and FATCA.

Declarations

When you complete this Application Form you make the following declarations:

- I/We have read the PDS to which this Application Form applies and agree to be bound by the terms and conditions of the PDS and the Constitution of the Fund in which I/we have chosen to invest.
- I/We acknowledge that Equity Trustees is not responsible for the delays in receipt of monies caused by the postal service or the applicant's bank.
- If I/we have provided an email address, I/we consent to receive ongoing investor information including PDS information, confirmations of transactions and additional information as applicable via email.
- I/We hereby consent to the transfer of any of my/our personal information to external third parties including but not limited to fund administrators, fund investment manager(s) and related bodies corporate who are located outside Australia for the purpose of administering the products and services which I/we have engaged the services of Equity Trustees or its related bodies corporate and to foreign government agencies (if necessary).
- I/We hereby acknowledge and agree that Equity Trustees have outlined in the PDS provided to me/us how and where I/we can obtain a copy of the Equity Trustees Group Privacy Statement.
- I/we hereby confirm that the personal information that I/we have provided to Equity Trustees is correct and current in every detail, and should these details change, I/we shall promptly advise Equity Trustees in writing of the change(s).

- I/We hereby declare that I/we are not a US Person as defined in the PDS.

Terms and conditions for collection of Tax File Numbers (TFN) and Australian Business Numbers (ABN)

Collection of TFN and ABN information is authorised and its use and disclosure strictly regulated by tax laws and the Privacy Act. Investors must only provide an ABN instead of a TFN when the investment is made in the course of their enterprise. You are not obliged to provide either your TFN or ABN, but if you do not provide either or claim an exemption we are required to deduct tax from your distribution at the highest marginal tax rate plus Medicare levy to meet Australian taxation law requirements. For

more information about the use of TFNs for investments, contact the enquiries section of your local branch of the ATO. Once provided, your TFN will be applied automatically to any future investments in the Fund where formal application procedures are not required (e.g. distribution reinvestments), unless you indicate, at any time, that you do not wish to quote a TFN for a particular investment. Exempt investors should attach a copy of the certificate of exemption. For super funds or trusts list only the applicable ABN or TFN for the super fund or trust.

When you sign this Application Form you declare that you have read and agree to the declarations above.

Key definitions for the FATCA section

It is the responsibility of prospective investors to inform themselves as to the tax consequences to them of buying, holding, selling (or otherwise transferring) or redeeming shares under the laws of the country(ies) in which they are or may be taxable. These definitions are provided for your information only and you are encouraged to seek the assistance of an independent financial professional or tax adviser to facilitate the completion of this form.

A **Foreign Financial Institution** is a non-US entity (e.g. company, partnership or trust) that engages in one of the following:

- i) accepts deposits in the ordinary course of a banking or similar business (depository institution);
- ii) holds as a substantial portion of its business (equals or exceeds 20 percent of the entity's gross income) financial assets for the account of others (custodial institution);
- iii) is an investment entity including entities that trade in financial assets or that are investing, administering, managing funds, money, or certain financial assets on behalf of other persons

- iv) is an insurance company; or
- v) is an entity that is a holding company or treasury centre that is a part of a group that includes one of the above.

For further information regarding these definitions refer to <http://www.irs.gov/Businesses/Corporations/Information-for-Foreign-Financial-Institutions>

An **IGA** (Inter-Governmental Agreement) means an agreement between the US or the Treasury Department and a foreign government to implement FATCA through reporting by Financial Institutions to such foreign government (Model 1) or to the IRS (Model 2).

A **controlling person** is any individual who directly or indirectly exercises ultimate effective control over the entity. For a company, this includes beneficial owners controlling more than 25% of the shares in the company. For a Trust, this includes Trustees, Settlers, Protectors or Beneficiaries. For a partnership this includes any partners.
